Richard Staples, Jr.

Committee On Appropriations

From the Town Charter, Title 7, Chapter 2:

7-2-1 MEMBERSHIP AND DUTIES. Before adjournment of the Annual Financial Town Meeting, the meeting shall elect a committee of five (5) persons to hold a public meeting on the Wednesday two (2) weeks prior to the next Annual Financial Town Meeting at seven (7) o'clock in the afternoon for the purpose of hearing all qualified electors of the Town interested in preparing a budget to be presented to the Financial Town Meeting and to submit a printed report of their recommendations for expenditures by the Financial Town Meeting, and the amount of tax which will be necessary to levy to pay such expenses. [Amended 11-2-2004]

Providence is in trouble

Defining the Challenge: ***Key Drivers of Fiscal Gap***

- ▶ The City's projected baseline fiscal gap is principally driven by four factors: The City's unfunded pension and OPEB liabilities
- ▶ Growing health benefits costs (health care and other benefits)
- ▶ Revenue growth that cannot balance long-term expenditure growth and the past loss of State Aid
- ▶ Maintenance of high carrying costs (e.g. workforce levels, overtime)

Proposed Capital Budget

Capital by Department

Today:

CURRENT TAX RATE is \$18.25 per thousand

CURRENT TAX LEVY is \$57,243,617

FY2017 Proposed:

TAX RATE of **\$18.45** per thousand

➤ Increase of **\$0.20** per thousand

TAX LEVY of **\$58,151,335**

➤ Increase of **\$907,718 (+1.59 %)**

The median priced home in Barrington is currently assessed at \$356,200.
This new tax rate will mean an annual tax bill of \$6,571.89.

Observations

- School operating expense is the largest budget expenditure. Even though our cost per student is below the state average, the cost drivers must be addressed and the increases contained.
 - The cost of employee benefits exceeds the cost of benefits in the private sector. This must be addressed by the Town Council and School Committee.
 - Funding a new middle school will require, *at minimum*, a doubling of the current principal and interest on general debt. The initial cost estimate of this project was \$80 million.
 - The pensions for school and municipal employees are currently underfunded by \$55 million, \$33 million of which is borne by the town and its taxpayers.
 - The budget must be considered on a long-term basis. Considering only one year at a time is one of the reasons why Providence is in trouble.
 - The Committee on Appropriations should have input into the collective bargaining agreements with the town's employees.
-
